**CONTROLLED SUBSTANCE AGREEMENT**

PAGE 1 OF 2

**Patient Name:** \_\_\_\_\_ **Birth Date:** \_\_\_\_\_ **Chart #** \_\_\_\_\_

My physician and I have a common treatment goal to improve my ability to function and/or work. In consideration of that goal, I am being treated with medications such as (narcotics, sedatives, muscle relaxants, stimulants, and/or barbiturates). These medications may impair my alertness, reflexes, coordination and judgment. The use of many of these types of medications is controlled and monitored by local, state and federal agencies. These medications can be highly effective when taken as directed under medical supervision but have the potential for abuse and misuse.

I have been informed that psychological dependence, physical dependence and addiction to controlled substances can occur. If this happens, I will follow my physician's guidance and participate in any treatment programs recommended; which could include referral to a substance abuse treatment program or facility, psychological counseling and/or medical treatment.

I agree to always be truthful with all my physicians regarding my history, illness, and use of medication.

I have never been diagnosed with or treated for a substance abuse problem. If this is not a true statement, please explain:

\_\_\_\_\_

\_\_\_\_\_

I have never been involved in the illegal sale, possession or transportation of controlled substances.

I understand that the giving or sale of my prescription medication to any other person is illegal and may result in my dismissal from this practice as well as being reported to a law enforcement organization.

I understand I should not consume alcohol with taking these types of medications.

I take full responsibility for the consequences of driving a motor vehicle, operation of machinery or performing any other activity in which alertness, reflexes, coordination and/or judgment are necessary.

**I Agree To Abide By The Following Conditions:**

- a. I will follow the treatment plan that my physician and I have agreed to.
- b. I will report any suspected side effects to my physician immediately.
- c. I understand that my physician is not obligated, nor will he/she automatically refill prescriptions for controlled medications that I have been receiving from another physician.
- d. I will not ask for nor accept controlled substance medications or prescriptions from any other individuals or physicians while I am receiving such medication from this physician's office. This is not only illegal but could endanger my health. The only exception to this would be if I were hospitalized.
- e. I will take the medications as directed. If I use my medication up sooner than prescribed, I understand they will not be refilled until it is time for the scheduled refill.
- f. I will bring the unused portion of my medication to the office for a medication count if requested by my physician.
- g. In the event that my prescription needs to be changed to another medication, I understand I may be asked to return the remaining portion of the prior prescription for disposal.
- h. I understand my medication dosage may need to be increased or decreased depending upon my condition. I will not adjust my medication myself and understand if I need more medication due to a worsening of my condition, I must see my physician to be re-evaluated before my medication will be increased.
- i. I understand to stop taking medications abruptly may be dangerous and lead to withdrawal symptoms. If medications need to be discontinued, I will follow my physician's supervision.

**CONTROLLED SUBSTANCE AGREEMENT**

PAGE 2 OF 2

**I Agree To Abide By The Following Conditions:**

j. I agree to participate in a drug monitoring program to ensure that I am in compliance with this agreement. Monitoring may include random pill counts and random drug screening of urine, saliva, sweat, or blood samples to be provided by me on a random basis. Random monitoring is not limited to sampling at scheduled office visits but also may include sampling in between visits. Failure to comply with the monitoring program may disqualify me from further opioid or other controlled substance prescribing. I understand that I will be financially responsible for any testing required.

k. I understand that if my drug screen result reveals any or all of the following:

- i. the presence of non-prescribed controlled substances,
- ii. the absence of prescribed controlled substances,
- iii. the presence of drugs considered illegal in the state of Georgia for the treatment of your painful condition (THIS CURRENTLY INCLUDES MARIJUANA)

I may be disqualified from further treatment with prescription opioids (i.e. narcotics) by my current NGPG physician.

l. I understand that rules as issued by the Georgia State Board of Medical Examiners may require that I see my prescribing physician at least every 3 months, or more frequently if mandated by the treating physician, to assess my condition and compliance with controlled substance treatment regimen. If I am unable to return to the office during the 90-day period due to a severe hardship, then I agree to provide written documentation of the hardship.

m. I authorize my physician and my pharmacy to cooperate fully with any city, state or federal law enforcement agency, including the board of pharmacy, in the investigation of any possible misuse, sale or other diversion of my controlled medications. I authorize my physician to provide a copy of this Agreement to my pharmacy. I also authorize my pharmacy to provide records documenting prescriptions that I have received to my physician if requested. I agree to waive any applicable privilege or right of privacy or confidentiality with respect to these authorizations.

n. I understand I am responsible for my medications. If my medications or prescription is lost, misplaced, stolen or disappear for any reason, they will not be replaced until the scheduled refill date.

o. I am responsible for keeping track of the amount of medication and will plan ahead for refills in a timely manner, so I will not run out of my medication. I understand that these types of medications will only be refilled during regular business hours by my physician. They will not be refilled by other physicians in the office, by phone, after hours, on weekends or holidays.

p. For Females: I am not pregnant and agree to utilize birth control at all times while taking these types of medications. I agree to notify my physician immediately should I become pregnant. I accept the risk to my baby and myself if I should use these medications while pregnant.

My signature below means I have read and understand the terms of this agreement and have had any questions answered to my satisfaction. I understand if I violate this agreement, my controlled substance prescriptions and/or treatment by this provider may be terminated immediately. I further understand that violating this agreement is grounds for dismissal from the group.

## Patient Financial Responsibility

Thank you for choosing Northeast Georgia Physicians Group (NGPG) for your medical care. We appreciate that you have entrusted us with your health care, and we are committed to providing you with the best patient care possible. The following information outlines our expectations for your financial responsibility to our office.

Patients or their legal representatives are ultimately responsible for all charges for services rendered. All services rendered to minor patients will be the responsibility of the accompanying adult, custodial parent or legal guardian.

NGPG is contractually obligated to collect applicable co-payments at the time services are rendered. We are also obligated to collect any deductible and/or co-insurance amounts deemed patient responsibility by your insurance.

Uninsured (self-pay), if you do not have health insurance, we will be happy to provide care for you. We offer a discount to uninsured patients of 30% on those services that would typically be billed to an insurance company. To qualify for a 45% discount (an additional 15%), we require a minimum of \$100.00 to be paid at check-in (\$25.00 for pediatric patients). This payment will be applied towards any charges for your visit. If there is an overpayment, outstanding balances will be settled, and the remainder will be refunded via return to credit card or by check (depending on the method of payment for the time of service deposit).

***Procedure Deposit:*** Patients who are scheduled for a procedure may be required to pay a deposit towards their estimated patient responsibility amount. This amount would consist of any applicable copays, co-insurance, or any remaining deductible amounts. Our staff will contact your insurance company and provide you with an **estimate** of the planned procedure fee based on your plan benefits. The procedure deposit may be paid by cash, check or credit card.

You will also be contacted by hospital staff who will provide the same information for your expected hospital charges.

Please be aware that you may receive a statement from other entities such as anesthesia, lab, pathology, etc. Any questions you have regarding those charges would need to be directed to their office. NGPG does not process the billing for these services.

If you are unable to pay 100% of the estimate amount prior to your procedure, our staff will provide you with information about financing options. You will be required to make some type of payment towards your estimate amount prior to your procedure.

By signing this form, you agree that you have read and understand your financial responsibility.

**POLICIES ACKNOWLEDGMENT**

**Please read over our payment policy below and initial where required.  
Your initials tell us that you agree to comply with these parts of the policy.**

**Payment Policy**

\_\_\_\_\_ Initials

1. In compliance with new Federal law, we will ask you for photo identification and proof of health insurance at every visit. We may also take your picture the first time you visit our office.
2. It is not feasible for our staff be to fully aware of each health insurance plan's specific requirements or coverages. We will do everything we can to help you; however, it is your responsibility to verify that NGPG is part of your insurance plan's covered providers, and to know what your plan does and doesn't cover.
3. It is your responsibility to know what limitations your insurance plan may place on the number of times you can be seen in the office, have treatments performed, when referrals are required to receive care, or receive other types of health care.
4. Any charges you incur with us that are not paid by your health insurance according to our existing agreements will be your responsibility to pay. We will bill your insurance plan as a courtesy to you.
5. If you do not have health insurance, we will be happy to provide care for you. We offer a discount to uninsured patients of 30% on those services that would typically be billed to an insurance company. To qualify for a 45% discount (an additional 15%), we require a minimum of \$100.00 to be paid at check-in (\$25.00 for pediatric patients). This payment will be applied towards any charges for your visit. If there is an overpayment, outstanding balances will be settled, and the remainder will be refunded via return to credit card or by check (depending on the method of payment for the time of service deposit).
6. We will continue to provide care for you while you are paying off any outstanding balances owed. You will need to pay in full any charges you incur at the time of service while you are paying off outstanding balances. An exception may be made if your provider determines your visit is urgently needed. If you are unable to pay in full at the time of service, please ask about our payment options.
7. We do use a collection agency for accounts that fail to make a good faith effort to pay for the medical services we provide.

**Prescription Refill Policy**

\_\_\_\_\_ Initials

Please allow 48 hours for all prescription refills. To speed up the process, please ask your pharmacy to send a refill request to the clinic.
