Radiation Oncology

About Us

Receiving a diagnosis of cancer can be frightening and confusing. Our radiation oncologists work with a team of professionals to help you get the medical treatment and support you need in your battle with cancer.

Cancer treatment is as unique as each person, and each cancer is different for each patient. Our team will work to help you learn more about your specific cancer and treatment options.

The radiation oncology team members are experienced, compassionate and renowned for their expertise. Our goal is to create a caring, professional relationship with each patient. Please feel free to ask us any questions you may have about your cancer, radiation therapy, treatment side effects or care related to your cancer diagnosis.

Northeast Georgia Physicians Radiation Oncology Group is proud to be a service of Northeast Georgia Health System. Northeast Georgia Medical Center (NGMC) recently was named Georgia's #1 Hospital by CareChex, a national healthcare ratings organization, and was again named a 100 Top Hospital by Truven Health Analytics.

Our Specialists

Frank G. Lake, III, MD, has been medical director of radiation oncology at NGMC since 1975. He graduated from Emory University and Emory University Medical School with honors and completed his residency at Emory in Internal Medicine. Following two years in the US Air Force, he completed his Radiation Oncology residency at Emory. Dr. Lake is board certified in Therapeutic Radiology, is co-chairman of the Cancer Committee at NGMC and medical director of Hospice of NGMC.

Jack T. Griffeth, MD, is board certified in Therapeutic Radiology and a Fellow in the American College of Radiation Oncology. He earned a B.S. in Biology from Davidson and his medical degree from the Medical College of Georgia. He completed two years of surgery residency at the Medical College of Georgia and his oncology training at the University of Washington. He served as medical director of the radiation oncology program at Gaston Memorial Hospital in North Carolina and has worked as a radiation oncologist at NGMC since 1994. He served as NGMC Chief of Medical Staff in 2003 and is a cancer survivor since 1992.

Geoffrey J. Weidner, MD, is board certified in Therapeutic Radiology. He graduated Phi Beta Kappa from the University of Notre Dame and the University of Iowa College of Medicine. He completed his residency at the University of Iowa Hospitals and Clinics where he served as chief resident in Radiation Oncology and was awarded the Howard H. Wong Fellowship in Radiation Oncology. Upon completing his residency, Dr. Weidner was an attending physician in radiation oncology at the University of Iowa Hospitals and Clinics and served as Chief of Genitourinary service. Prior to practicing in Georgia, he worked as a radiation oncologist in Cooperstown, N.Y.
